

Come and join the **BIG Heap** compost giveaway

Head to the Williamson Park car park on Wednesday 12 August from 10am onwards and help yourself to two FREE bags of compost made from Lancashire's garden waste. Just bring some bags and a spade and get digging. You'll have to be there quick though, because once it's gone, it's gone!

Why not bring along the kids and let them have a chance at planting their own mini wild garden or vegetable patch in our potting tent?

For more information contact City Council (Direct) Services on 0800 092 9705 or email recycling@lancaster.gov.uk.
